**Circular No. –Sept/2017-18/ 28**

**Date: 12.09.17**

**Dear Parents,**

The phenomenal rise in offences and crime is matter of great concern and alarm to all of us. We at JKG have taken few measures to ensure our students safety and security which are -

1. The senior teachers team including board members is in school at 7:20 am much before the students enter the school. Once the students leave school, the entire building is secured by the site supervisor.
2. 48 CCTV cameras are installed across the school, including the entrances of all toilets. These are regularly maintained to ensure they are functional.
3. Movement of all adults inside the school is recorded and maintained in designated registers. The school perimeter is secured and the gates in use are manned at all times.
4. Student toilets are clearly demarcated and separate toilets are used by non-teaching staff.
5. All buses are owned and operated by JKG and all drivers and conductors are employed directly by JKG after careful vetting of their credentials and references.
6. Buses pick and drop the students inside the school premises, under the supervision of the school transport In-charge. Parents who pick the child from stops till class V are requested to carry supervision form.
7. Sessions on Safe and Unsafe touch are also conducted for students time to time. Also, we request parents to attend parents workshop being organised by school as the purpose of same is for the overall development of the child.
8. Please note : Counsellor is also available for parents & students every third Thursday every month.
9. Teachers are assigned duties on vantage points during the school start time, intervals and when the school shuts
10. Students till class 5 are not handed over to parents without supervision forms.
11. Students who are availing private rickshaw /Auto owner, parents are requested to sensitize them to carry ID card issued by school. Other wise child will not to be handed over .Please cooperate with us.
12. Discipline policy already clarified in almanac. Please do go through.

Apart from these, several other measures are in place to deal with situations such as bullying, corporal punishment, physical safety, natural calamities and medical emergencies.

I am sure that together we can make the environment around our child safer. I request you to please send me your feedback/ ideas where we as a school can improve ourselves. This can be E-mailed to us on [jkgschool@jkgisv.com](mailto:jkgschool@jkgisv.com).
